## EDUCATION

---

- Depaul Univesity** Chicago, IL  
*Masters in Computer Science; GPA – 3.5/4*  
*Courses: Applied Algorithms and Structures, Program language Concepts*  
March 2022 - March 2024
- Amrita Vishwa Vidyapeetham** Kerala, India  
*Bachelors in Computer Science and Engineering;*  
*Courses: Data Structures and Algorithms, Object Oriented Programming, Database Management, Software Engineering, Machine Learning, Operating Systems, Natural Language Processing.*  
July 2015 - August 2019

## SKILLS SUMMARY

---

- **Languages:** Python, C, Java
- **Automation Framework:** Selenium with python
- **Database:** Oracle SQL, Maria DB
- **Operating Systems:** Linux, Windows, Mac
- **CI Tools:** Jenkins, Git-hub
- **Office Accessories:** MS Word, MS Excel, MS Powerpoint

## EXPERIENCE

---

- Project-1 (Ericsson India Global Services)**  
*Test Automation Engineer (Full-time)* Dec 2019 - Dec 2020
  - Designed test Automation framework using Selenium to run test cases in multiple browsers and platforms.
  - Responsible for identifying test cases for Manual and Automation with Selenium WebDriver for Functional and Regression Tests. Execute browser compatibility and regression tests using Selenium WebDriver for testing UI for every new build release
  - Developed and executed SQL queries to verify the proper insertion, deletion, and updates into the tables.
  - Automated around 3000 testcases using Selenium Framework for UI . Successfully completed Integration with Gitlab, Jenkins, Q-Test for auto run of test Suites
- Project -2 (Ericsson India Global Services)**  
*Test Automation Engineer (Full-time)* Dec 2020 - Feb 2022
  - Analyzing and Understanding the Business Requirements and Functionality.
  - Designed Automation Framework for 1000 Test cases using Selenium and preparation of Test Design.
  - Create a script to run Performance Testing by sending very huge no of data to the respective database.
  - Expertise in Functional Testing , XML, UI validations, Regression testing and Integration Testing.
  - Raising the Defects, Tracking and Management using JIRA.
  - Management of test execution cycles and daily status reporting and Documenting the Method of procedures for future references
  - Representing Testing team in governance calls with stakeholders

## PROJECTS

---

- **JPaint Application (Java, Java-Swing):** (Work in progress) May 2022 - Aug 2022  
Developed back-end of JPaint application with an understanding of requirements in sprint-wise within given Deadlines, by using advanced java techniques with the implementation of multiple design patterns, by following SOLID Principles to maintain the code flexibility, reusability and maintainability of code for future use

## HONORS AND AWARDS

---

- “Young Budding Talent Award” for building automation tools in a project in Ericsson in 2020.
- “Power Award” for successful completion of NGSN project in Ericsson in 2021

## INTERPERSONAL SKILLS

---

- Good Communication Skills
- Good Customer Service
- Team Work
- Problem Solving and Decision Making skills
